School Tournament is a wonderful example of collaboration across a huge region to provide wide ranging opportunities in sport. With twelve students selected at a national level, we boast both amazing sports stars and an amazing support team in the background.

Continuing on my theme of gratitude, thank you to Matua Karati for his continuing support of our developing tuakana across the district. Students are working together at a regional level to provide better outcomes for our youth. Karati's mentoring and wananga programme is growing a life of its own with the core values now stretching to teina. We wish him well in his full immersion Te Reo Maori course throughout Term 3, and look forward to having him back at TAS in Term 4.

And finally - huge thanks to both Sport Twizel and the Cavalcade committee for their large donations to the school. The Sport Twizel donation establishes a fund for students to access sporting activities if they are experiencing financial hardship. If you would like to access this fund, make contact with the school office to ask for more information. The Cavalcade donation has yet to be 'tagged' to a specific outcome, this surprise donation will benefit our students greatly.

We're looking forward to seeing you at the end of term assemblies on Friday, and hope you have the opportunity for some family time over the break.

He waka eke noa,

Kate Staniford, Principal

## Notice to M4 & Senior English Whanau

With individual project based learning and the analysis of digital texts I am finding learners regularly needing the headphones listed on the start of the year stationary list.

Due to the range of devices and device settings the ones best for in class use are over the head earphones that **plug into** the device rather than wireless EarPods/earbuds. These can then be left in a labelled ziplock bag in the learner's locker or computer storage area.

**Could all learners please ensure they have a pair of these ready to leave at school next term.** If learners would like to order a pair of these from school the approximate cost is \$9 and they will be available via the office after the holidays.

Many thanks

Anneke Smit  
HOD English

## Survey on Community and Social Wellbeing

### Calling all young people in our community

... Sarah Wylie is undertaking research at the moment in our community for Mackenzie District Council, looking at community and social wellbeing needs and how these can be addressed.

The research involves analysis of demographic data, focus groups with a range of service providers and key community stakeholders, and a number of surveys.

But Sarah doesn't just want to hear what adults think!!!

**As part of this research, an online survey is currently running for young people to have their say about their community and what they would like to meet their wellbeing needs.**

Go to <https://www.surveymonkey.com/r/Macyouth> to have your say.

**Please encourage young people to complete the survey.**
